Hi Steve,

I will plan on being there at 9:45 tomorrow. Can you put a page together for the property owner showing the detection limits and the MCLs in an easy to read page? I want to leave them with something showing the differences.

Thanks
Mike

Mike-

We've scheduled the re-sample of the Aluminum City well for 10:00 am on Thursday, July 14. If you come to CFAC around 9:45 am, we can go out to the residence. Sound good?
